

# Be Brave. Band Together.

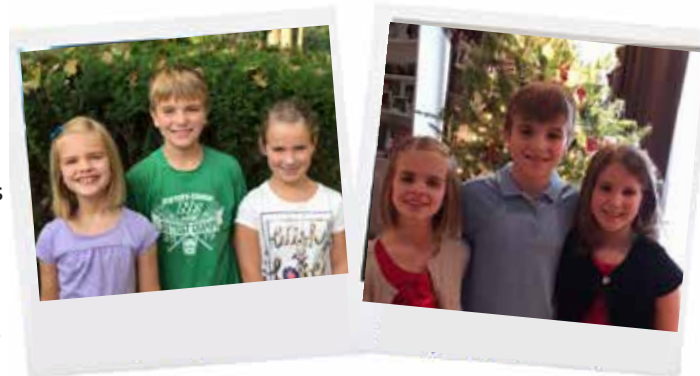

## 2018 Annual Walk

**FOR** Brave Hearts  
**Strong Minds**

Brave Hearts for Strong Minds was started in 2012 after beloved community member, Tom Reilly, suddenly passed away leaving behind his wife and four young children. Children who have lost a parent face immense and lasting emotional and social hurdles. One of the key struggles for families that have lost a loved one is the ability to provide for the children's education. Reflecting on Tom's compassion and friendship, our organization came up with a way to provide opportunities for children in need.

Each year, the Saturday before Father's Day, we hold a charity walk that gathers more than several hundred community members and local businesses for a day of food, fun, walking, and music. You can participate by raising funds on your own personalized donation page in which the proceeds are donated to the education funds of children who have lost a parent.

*The Maholick Family, Kathryn (8), Jack (11), and Claire (8), will receive funds raised this year in a 529 plan for their education.*
